Spencer's Restaurant

When you're in the mood for Iowa corn-fed grilled steak, this is the place to go. The menu is full of steak favorites that never grow old, as well as chicken and lamb, but the star is USDA prime beef. The iceberg lettuce with blue-cheese dressing wins for most popular salad. Vegetables are served a la carte; mushrooms in burgundy go well with a steak. The extensive wine list compliments any meal. Located in the Doubletree Hotel, 322 N. Spokane Falls Court.
